NEED OF PROTECTION

Propoganda is being carried on very actively and successfully in this country by organizations opposed to the restoration of the protective policy and therefore disposed to magnify our exportations and minimize our imports as a possible menace to full American production. The London Times in its weekly edition of February 27 says that the improvement of the British export trade in the United States is shown by the crowded state of the ships leaving the ports of the United Kingdom for the United States. The Times says: "There are considerable quantities of manufacturned articles. On the other hand the space in the vessels l eaving the United States for this country now much exceeds the demand. A very great change has thus come over the North Atlantic trade during the last two months."

It will not bemany months until the continued increase of imports an decrease of exports will present the prospect of a possible adverse balance of trade such as had been created under the existing tariff law before the war. with consequent curtailment of American production. The abnormal conditions of the war period should not be accepted as a basis for the determination of our future tariff policy. Intelligent statesmanship anticipates the changes foreshadowed by the trend of things. and the present trend is toward the very situation which made the restoration of a protective policy so manifest a national need during the summer of 1914. For this country to be drained of foodstuffs and raw materials with consequent increase of living and production costs. receiving in exchange manufactured commodities in sufficient quantity to derange American production and thus create unemployment. would be the height of stupidity and decidedly unpatriotic.

CHINA IS STRIVING

It is a fact worthy of note that Americans who go to China to study the country almost invariably bring back a good report. says the Christian Science Monitor. Dr. Ferguson and Dr. Reinsch are names which instantly occur to anyone who thinks about the matter. and there are many others. The latest is Julian H. Arnold. who for many years has been commercial attache of the United States Department of Commerce in Peking. Speaking in Chicago a few days ago he told of the forward steps which China is taking on her own initiative. how she is trying to model her government after that of the United States; how she is adopting w estern industrial methods as fast as shecan get machinery. and in every other way seeking true development. Most important of all he told how. in spite of all the efforts of Japan to thwart her. China is still courageously continuing the struggle against opium. He saw recently he said. a $50,000,000 fire of opium which the Chinese people had bought from foreign interests in order to destroy them. The Chinese. Mr. Arnold said, "have no control over the foreign trade in the drug and the only way they can weed it out is to buy the supply and destroy it." It is. of ccurse. an international scandal that such a course should be necessary. but the fact that China is ready to [illegible] remarkable illustration of [illegible] determination to be rid of the evil.

TAKING HIS MEASURE

[illegible] St. Louis Times: The [illegible] silliness of J. Sharpe [illegible] taken when as a wor[illegible] of Mr. Wilson and the lea[illegible] he voted with the ir[illegible] ratification of the treaty to [illegible] November 19 and again [illegible] 10. His charge of a con[illegible] upon the President, coupl[illegible] with his belief that the Presi[illegible]nts desire his death, may [illegible] ev[illegible]ed as the garrulity of a somewhat showy old man whose mind was overcultivated and has long been overirrigated. Senator Williams has reached such a stage of irresponsibility that after an outburst such as his recent attack on persons of Irish extraction in America, he falls asleep, not always occupying his own seats. It has been occasion for protest that he has occupied other Senator's seats. the fear being expressed that visitors in the galleries might form erroneous conclusions.

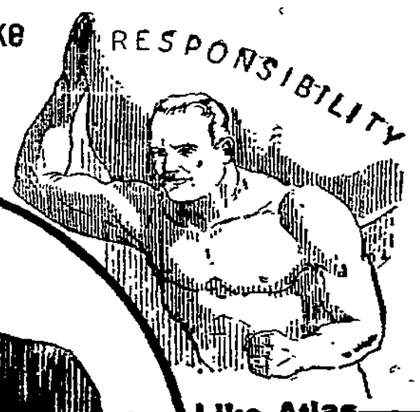
Wanted for Big Positions---Men of Blood and Iron---Men of Force Stamina, Power and Success

The Kind of Men Nuxated Iron Helps to Make

Physician tells How Many Men Fall Just Short of Winning the $10,000 to $100,000 Positions because they Don't Back up Their Brains with the Physical Strength and Energy that Come from Plenty of Iron in the Blood



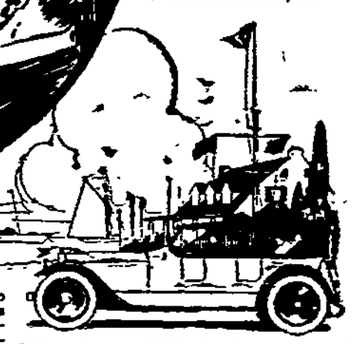
How Nuxated Iron often Increases the Red Blood, Energy and Endurance of Nervous, Weak and Run-Down Men in Two Weeks' Time.

It is the men of blood and iron who master the nerve - racking jobs. They have the strength, power and endurance to overcome obstacles and withstand the strain of long hours and hard work. They are the ones who are chosen for the big positions that pay from $10,000 to $100,000 a year and their red-blooded, tireless energy are what enable them to hold these positions and often become leading figures of industry and commercial life.

Like Atlas of Old
the successful business man of today is a man of blood and iron, easily able to carry his burden of responsibility.

This Man Gets $100,000 A Year because he backs up his brains with the physical strength and energy that come from plenty of iron in his blood.

If you are not as successful as you'd like to be—if you lack force and stamina—try Nuxated Iron and watch its strength-giving effect.



Do You Wish You Had a Car Like This?
The men with the red blood and strength to get and hold the big positions of life, also get the luxuries of life. To help make men strong and red-blooded there is nothing so effective as Nuxated Iron, physicians say.

In his advice to men on how to build up their health and strength and attain greatest success, Dr. James Francis Sullivan, formerly of Bellevue Hospital (Outdoor Department), New York, and Westchester County Hospital, says: "The big, successful men I have met are almost always strong physically — men with red blood, rich in iron, men of personality, of the virile power which instantly commands respect. Many an ambitious and able man who would normally rise to the top gives all his thought to his mind and none to his body. He falls just short of winning the $10,000 to $100,000 positions because he doesn't back up his mentality with the physical strength and energy which comes from plenty of iron in the blood. Lack of iron in the blood not only makes a man a physical weakling, nervous, easily fatigued, but it utterly robs him of that will power, that stamina and that strength which are so necessary to success and power in every walk of life. To help make men strong and red-blooded there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron. In case after case I have seen Nuxated Iron begin to give a weak, nervous chap entirely new vigor, energy and endurance in only two weeks' time.

"Therefore, I strongly advise those who want to fit themselves to receive and hold the big positions to get a physician's prescription for organic iron—Nuxated Iron—or if you do not want to go to this trouble then purchase only Nuxated Iron in its original package, see that this particular name (Nuxated Iron) appears on the package. If you have taken other iron products and failed to get results, remember that such preparations are nothing like Nuxated Iron, which is strongly recommended by many physicians and such notable men as former United States Senator, William E. Mason and Ignace Jan Paderewski, master pianist and Ex. Premier of Poland, and widely known women Pte Miss Mahle McKinley, niece of late President McKinley and Mrs. James Longstreet, widow of the Civil War General."

Can you stand as much as you ever could or does extra work or loss of sleep one day wear you out the next? Are you beginning to think of yourself as getting old? Do you have off-days when you cannot think clearly, cannot master the problems and when you feel like throwing up everything and getting away from everybody? Do you feel there is something the matter with you and you do not know what?

Then try taking Nuxated Iron, two five-grain tablets three times a day after meals for two weeks and see how you are getting back your old energy and ambition, how much stronger you feel and how much more you can do. Nuxated Iron is used by over 3,000,000 people annually to build up red blood, strength and endurance.

Manufacturers Note: Nuxated Iron, which is recommended above, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is discussed by all medical writers.

Sold by Piper Bros. and all other Drug Stores.

J. W. BERRYMAN & SON

Charleroi's Busy Store

Braying in 1595.

From a learned and enthusiastic author who published a tract in 1595 called "the Noblenesse of the Asse," we quote a few lines of prose poetry about the bel canto of the braying animal: "The goodly sweet and continual brayings whereof forme a' melodious and proportionable kinde of musicke. Nor think I that any of our immoderne musitians can deny but that there song is full of exceeding pleasure to be heard; because therein is to be discerned both concord, discord singing in the mean, the beginning to sing in large compass, then following on to rise and fall, the last ende with note more musicke of mo voices, brave singing by four voices, three together, or one voice and a note. Last of all to hear the musicke of six voices changed to sundry Asses, is amongest them to hear song of world without end." We all do grant a jackass today, but we doubt both Jack and Jillass are equally vocal.—Musical Courier.

Truly Honest.

An Irish youth applied for a situation as junior clerk at the office of a large firm. "Phelim, I'm afraid you're not strictly honest," said the [illegible] "and why does ye be thinkin' Oi'm not honest?" "Well, I've heard some whisperings that you were a little untrustworthy when at school. I must have a perfectly honest lad here." "Faith, an' Oi can show ye a certificate of honesty that'll make ye change yer mind moighty quick." He then drew out a piece of paper containing words of the greatest praise of himself. "Who wrote this?" "Oi did, sor." "Oh, ho! Is a certificate of your own writing a proof of your own honesty?" "It is, sor. Because, sor, Oi know more about meself than any one else an' if Oi wasn't honest Oi wouldn't be aither tellin' ye Oi wrote it meself!"

First Impressions Indelible.

"[illegible] the first seven years," say those [illegible] sound students of human nature, "the results, knowing that if we have any gift for remembrance, any centemplative faculty at all, it is on those first incomparably vivid memories that we shall, in later life, exercise it; it is those years that will develop a mysterious power to grapple us to their soul with hooks of steel. We have only to seek out, actually or in memory, the place of our birth or early childhood to experience what Shelley describes as "that ecstatic, that calm and serene delight . . . which is excited by a return to the place where we have spent our days of infancy."

Rooster Revealed Riches.

The first diamond was discovered in South Africa in 1867. A Boer urchin shied a pebble at a rooster that had invaded his mother's tulip bed. A passing neighbor saw the pebble glitter and retrieved it. It proved to be a 23 carat diamond and led to the discovery of the Kimberley fields. So trifles sway the destinies of the world. A hungry rooster bent on worms, had, as it were, scratched up the richest mines in history. A host of adventurers swarmed to South Africa from all over the world. Ten thousand men were washing along the Orange, Vaal and Modder rivers by 1870. Kimberley had risen from the raw veldt to be a city of 30,000 by 1872, a city of saloons, dance halls and gambling houses.

Checkers Ancient Game.

It is only in this country that the game is known as checkers. In England it is called "draughts," and in Germany "Damenspiel," while to the French it is known as "Les Dames," or more elaborately as "Le Jeu de dames a la polonaise." One authority declares brashly that it is a modern game, although a somewhat similar game was known to the Egyptians as early as 1600 B. C. However, Plato had his theory as to the origin of the game, while Homer represents Penelope's suitors as playing checkers to kill time. So we see that the customs in a thousand rural grocery stores and barber shops are but a survival of classic diversions.

Many Species of Thrush.

There are more than a hundred species of the thrush family, nearly all of which have book names in which thrush enters as a qualified term, and the common species of Great Britain and of the United States all have vernacular designations in which thrush does or does not enter. No thrushes in any sense are common to the countries named. In the former country the dark-colored thrushes are called blackbirds and ouzels. Several true thrushes under blackbird, fieldfare, hermit thrush, missle thrush, ouzel, robin, veery and woodthrush.

Green Always Restful.

Green is a restful color. Oculists say that of all colors green is the most friendly to the optic nerve. In lands where eternal snows or eternal white sands flash up their glaring reflections, men have to shade their eyes or go blind. But green grass never bothers the eye. One can stare a forest in the face all day with impunity. Nature's greens never get on our nerves, and they never quarrel with any other of nature's colors and tints.

The Naked Truth.

"That chap's made a lot of money by showing up some of these revue actresses." "How do you mean?—writing to the papers about them?" "No. He designs their dresses."

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, and fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, [illegible] to take Lydia E. Pinkham's Vegetable Compound which helped me greatly. Then during the change of life I used the same remedy. I am seventy years old now and able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

DISTRICTS DIFFER OVER SCHOOL MATTERS

Upon petition of the school district of Centerville borough, by W. H. Farquhar, president, the Washington county court has directed that a writ of alternative mandamus be issued against the school district of East Bethlehem township, and members of the board, requiring them to admit pupils residing in the Vestaburg district. The writ is returnable Monday, April 12, at 10 o'clock.

Included in the school district of Centerville is a mining district known as Vestaburg. The petition filed sets forth that some years ago an oral agreement was entered into between the Centerville and East Bethlehem districts, by which all school taxes payable within this mining district were to be collected by the school district of East Bethlehem, and in consideration hereof the children of school age were to be furnished school facilities by the district of East Bethlehem township. This agreement, it is averred, has been in force for the past ten years. On account of this agreement no other arrangements were made by the Centedville district for taking care of these pupils. The taxes, it is set forth, for the present school year, were collected by the East Bethlehem collector, and these amounted to several thousand dollars. At the beginning of the school year the pupils were admitted as usual to the schools of East Bethlehem township.

Notwithstanding the above facts it is averred that the defendant board has refused to admit a number of primary pupils of the Vestaburg district, and that about 40 of them are without school facilities. Hence the action as above noted.

Punctuality Valuable Asset.

Many of young men have failed of promotion or lost good positions because of the lack of punctuality. There is no more desirable business qualification than this and no other so indispensable to a man of affairs, or to any one who would save his own time and that of others. "If a man has no regard for the time of other men," said Horace Greeley, "why should he have for their money? What is the difference between taking a man's hour and taking his $5? There are many men to whom each hour of the business day is worth many times so."—Chicago Daily News.

JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Charleroi woman says:

Mrs. J. Seddon, 732 Followfield Ave., says: "I think a cold that settled in my back is what caused my [illegible] ago. My back ached a great deal and I felt [illegible] little life. My head ached, too, and I was nervous. My kidneys didn't act right either and I also became dizzy at times. I purchased a box of Doan's Kidney Pills and they certainly helped me. My back soon felt strong again and my kidneys were regulated. Doan's entirely cured me."

VOLUME XX—NO. 259 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, WEDNESDAY, APRIL 7, 1920 TWO CENTS

HON. JOHN K. TENER IS A CANDIDATE FOR NATIONAL DELEGATE

Name Will Be Submitted to Voters of District May 18th

WILL HAVE STRONG SUPPORT

Hon. John K. Tener, former Governor of Pennsylvania, has filed petitions as delegate to the National Republican convention from the 24th Congressional district and his name will be submitted to the voters at the coming primary on the 18th of May.

Mr. Tener has been solicited for some time by many friends and prominent Republicans both inside and outside the party to become a candidate, they being of the opinion that he would make splendid representative in the next Republican convention especially because of his intimate knowledge of the State and his familiarity with national issues and candidates. Mr. Tener personally knows all of the candidates now mentioned in connection with the Republican nomination for President a fact which would make him a commonding figure in the conventon

Mr. Tener served one term in Congress from this district, being elected in 1908, and while serving in that body was nominated and elected Governor of Pennsylvania. His administration of that high office is regarded as one of the best in the history of Pennsylvania, every duty being discharged with credit to himself and the State. Later Mr. Tener accepted the presidency of the National League of Baseball Clubs, which position he held until about a year ago, when he resigned in order to give his attention to other business. He is President of the First National Bank of Charleroi, and a director in the Charleroi Savings and Trust companies, both of them flourishing financial institutions.

While Mr. Tener's business activities have been largely outside of Charleroi during recent years, he has always held his voting residence here, and if he is selected as one of the district delegates to the Chicago convention he will represent his constituents in a manner most acceptable to them.

Musical Club Will Have Big Fund for Community Work

The Monday Musical Club, which had charge of the sale of Red Cross Seals and health bonds last December, has made a report of its activities to the State organization. The report shows that the Club realized splendid results from their work, and that during the coming year will have a large fund to expend for various features in connection with health and community work. A copy of the report as made by the Club to the State organization is as follows:

Receipts from sale of Seals and Health Bonds, $1,111.50; amount paid to State, $219.30; expenses, $10.00; leaving a balance of $887.20 which together with the balance from last year, will give the Club a total of $1,137.55.

This amount will be distributed as follows: Modern Crusade in the public schools, for which the sum of $200.00 has been assigned.

For Industrial Work $50 00.

Baby Week with prizes, and a fly campaign, in which prizes will be given to children for the best work done, $100.00.

Payment for patients in hospitals and sanitoriums, $500.00.

Material relief, only to be given after failure to recive from regular relief agencies, $250.00.

Miscellaneous expenses, $37.65.

DEATH OF FORMER CHARLEROI RESIDENT

A telegram was received in Charleroi yesterday announcing the death of Mrs. Clarke Siviter, at her home in St. Petersburg, Florida. Mrs. Siviter will be remembered as Miss Irene Philips, who resided for years on Washington avenue, and her many friends and classmates will learn with regret of her early demise. The deceased was a niece of Mr. and Mrs. R. J. Whitehead of Prospect avenue. Mrs. Siviter's death is doubly sad to her mother, Mrs. Philips, in that while she mourns the loss of her daughter in Florida, her sister, Mrs. Stillwell is lying dead at her home near Fayette City.

MINE PAY SCALE BEING ADJUSTED

Coal miners and operators in the Pittsburg district met in Pittsburg on Tuesday to adjust all local problems and differentials brought up by the application of the new scale, with its 27 per cent advance. Payrolls to be made out before April 15 depend upon this adjustment. It is believed the work will proceed harmoniously, and that the work of the delegates will be completed some time today. As soon as the Pittsburg district has been adjusted, the other districts in this State will hold conferences to agree on their scales.

With all candidates announced, we are now squared away for the primaries on the 18th of May. In the meantime the candidates will do some lively hustling.

COUNTY BORROWS TO REPLENISH FUNDS

To provide finances for the county until the 1920 taxes begin to come in, the county commissioners on Monday authorized the borrowing of $75,000 on demand notes. The sum is distributed as follows:

Alexander & Co., Monongahela $30,000.

Bank of Charleroi, Charleroi, $15,000.

First National, Charleroi, $10,000.

Citizens Trust company, Canonsburg, $10.000.

Burgettstown National Bank Burgettstown, $5,000.

The commissioners also authorized the transferring of $15.000 from the road account to the general fund to pay bills approved and ready for payment.

STUDENTS WILL GIVE INSTRUMENTAL NUMBERS

The high school orchestra at its fifth annual concert, to be held in the auditorium, tomorrow evening, will play the following numbers, "King Rose Overture," "Dardanella," "Queen of the Nile Overture" "Harvest Moon Waltz," and "March Militaire," by Deiro. Instrumental numbers will be furnished by the following students: Misses Virginia Mountser and Blanche Urben, piano duet: Miss Edith Jenkins and Herbert Lichter, violin solos; Edith Jenkins and Curtis Thomas, violin duet; Irwin Lichter, cornet solo; Misses Jenkins, Michener, Leque and Trnavsky, violin quartette, and a piano solo by Miss Alice R. Peach. Much interest is being manifested in the concert and a large attendance is anticipated, judging from the present sale of tickets.

COUNCIL ADOPTS ORDER SYSTEM FOR PURCHASING OF SUPPLIES

New System Went Into Effect On The First Of Month

SALARY REQUEST DEFERRED

Many matters of minor importance came before the regular meeting of borough council last night, most of which were disposed of, although two important questions, the request for a salary increase on the part of borough employes, and action on a borough ordinance regulating public meetings, will likely be disposed of at a special session of council to be held next week

Possibly the most important feature before the meeting last night, was the adoption of the order system, with a view of systematizing the purchasing of supplies for the borough in the future. Recently the borough has had order books printed, which are in charge of the Borough Clerk, and at the meeting last night a motion prevailed that hereafter all purchases for the borough must be made on this system. This means that when any department needs supplies it will be necessary to secure an order from the borough clerk, which will be presented to the merchant who makes the sale. These orders, or the order number, must accompany all bills sent to the borough clerk in order to receive prompt attention. There has been some criticism on this action of council, but the members believe that once it is in use the wisdom of placing it in effect will soon become apparent, and that it will hereafter be maintained. Council members point to the present condition of the borough finances as sufficient justification of their action.

Another feature of the meeting was a request from Messrs. Guiler and Johnston, representing the Charleroi Trades Council, asking for the repeal of the ordinance regulating public meetings and parades held within the borough limits. Members of council said that it would be impossible to dispose of the question last night, and action was deferred until a special meeting.

Other matters coming before council referred to a request for repairs to a sidewalk on Lincoln avenue between Second and Third streets; of a report made by Health Officer Darby as to a sewer drop on Prospect alley near Eleventh street, and the condition of the garbage furnace, which is badly in need of repair; a request from citizens living on Crest and Meadow avenues about surface water, a question that has bothered council for years, and a report from Fire Chief Fleming about the fire alarm wires, and necessary repairs to the fire truck, which council approved

The A. M. E. congregation was exonerated from the paying of an assessment for a wall on Lincoln avenue in the rear of their church only; the ordinance committee was instructed to prepare an ordinance reg-

SAY CARNEGIE FLEET WILL BE INCREASED

The latest rumor with reference to an increase in the motive power of the Carnegie steamboat line, is that four additional boats similar in type to the Williams and Thomson will be constructed at Ambridge, and that they will be used in towing coal from Pittsburg to Ironton, Ohio, where the Carnegie Steel company owns large blast furnaces.

TOWNS TO CONFER ON PHONE RATES

Burgess Woodward is in receipt of a communication from Mayor W. A. Allen of Monongahela, asking that a conference be held between the executives of all the towns in this part of the valley, with a view of formulating a protest against the proposed increase in telephone rates and the restriction of the service. Mayor Allen is taking this step at the request of the council of Monongahela, which adopted a resolution at its meeting held Monday evening that such action be taken.

Burgess Cox of Donora and Burgess Stewart of Monessen, as well as the Burgess of Belle Vernon in addition to Burgess Woodward have been invited to take part in the conference, which will likely be held the latter part of this week, at which time it is likely that some plan of action will be outlined. The Donora Community Service will also take a hand in the proceedings, as at a meeting of this organization held in Donora last evening it was decided to assist the executive in formulating a vigorous protest against the proposed changes which have been announced by the Bell Telephone company.

From opinions already expressed the towns interested will likely act together and send a delegation to appear before the Public Service Commission at the time the hearings are held, who will prsent the arguments a gainst the increases and restrictions imposed by the new regulations.

"Hennery" Ford wants to run for President, but he does not know what ticket he would want his name to appear on. Henry's nomination papers were turned down at Harrisburg on Monday because he failed to specify the party preference, as well as other information which the law requires.

Marriage license was issued in Washington on Monday to Wesley Peters, Jr., and Elizabeth Hall, both of Charleroi.
